### MAAGE DIVORCE CASE.

The divorce proceedings of Maage vs. Maage proceeded a short distance this morning in Judge Gear's court by the issuance of two commissions for the taking of evidence in California. On the application of Holmes & Stanley for the plaintiff, Frederick W. Maage, a commission was issued for the examination of Dr. Joseph W. Henry of 502 Sutter street, San Francisco, and Dr. Arthur McGinty of St. Mary's Hospital in that city. It is stated that these medical men will prove that Mrs. Maage was not a patient in the hospital in 1897, as she alleges, as a result of her husband's abuse, but that she was there from April to August, 1898, suffering from alcoholic neuritis.

Cathcart & Milverton, for Mrs. Maage, obtained a commission for the examination in Los Angeles of one Michael Curran who is expected to prove that Maage was unduly intimate with a woman named Lily Burke.

### COMMISSION MEETS TONIGHT.

The County Commission will meet at the Capitol building tonight at 7:30 o'clock.

### ANOTHER TRANSFER MOTION.

A petition was presented in Judge Gear's court this morning in the matter of the estate of R. W. Holt by John D. Colburn for an order to Henry Smith, trustee, to file the final accounts of the estate. The motion was opposed by the attorneys of Smith who moved to have the petition transferred to the court of Judge Robinson on the ground that the order to show cause was filed on June 17th the week that Judge Robinson was sitting in chambers. Judge Gear took the matter under advisement.

## THE BAND PLAYED OUT

Captain Berger and his band did not play at the funeral of the late Lieutenant Garber this morning. It had been planned to have the Territorial Band participate in the funeral and when the steamer Likellike arrived this morning from Maui with the band aboard, it was anticipated that the funeral music would be supplied by Berger and his boys.

But Captain Berger was unequal to the task. For probably the first time in his eventful career as the leader of the government band, Captain Berger had to resign. The captain and his entire organization arrived this morning from their sea trip, very much the worse for wear and tear. They had been up for two nights previous and as they had been playing as hard as they could at Maui yesterday, they were in an organization in a state of collapse. In fact there would probably have been a strike if the Captain had attempted to line his men up in the funeral parade. The result was that the band had to be eliminated, much to the regret of Captain Berger.

But Captain Berger and his band boys were not the only people to feel used up. The trip over to Maui was very rough and most everybody was seasick. The base ball players suffered especially, and when they reached Kahului they were so weak that some of them were all but ready to throw up the sponge. But veteran Jock Carter the manager of the Punahou team, was energy personified. He rose to the occasion; he raised the drooping spirits of his men, he lined them up on the baseball diamond, to be slaughtered it was true, but to go down to an honorable defeat.

KAPPELMEISTER BERGER.

While Manager Jock accepted his defeat philosophically, he showed a rare discrimination. "Boys," he is said to have exclaimed, "it wasn't the Russians that defeated Napoleon, it was the winter. It wasn't the All-Maul team that beat us, it was that confounded seasickness. If those big fellows on the Likellike hadn't dropped off after we passed Diamond Head, we would have skinned those Maui fellows, sure."

Ice business increased or crime diminished, during the last year. The report will not be completed for at least a month.

TRANSPORT THOMAS SIGHTED. The transport Thomas was sighted at 3 o'clock this afternoon 25 miles west from Nagasaki and Manila. She will probably sail tomorrow for San Francisco. The Alameda which sails tomorrow morning at 9 o'clock, will beat her to San Francisco.

## LEFT ALL TO CARTER

PRESIDENT ROOSEVELT SAID TO HAVE DECLINED TO DISCUSS HAWAIIAN APPOINTMENTS, INSTEAD OF TAKING THEM UP WHEN CARTER LUNCED WITH HIM AS REPORTED—HELD CARTER RESPONSIBLE.

According to letters received from Washington, the Carter-Roosevelt luncheon, an account of which was cabled here on June 10, was not as stated, devoted to the discussion of appointments in Hawaii. In fact there was no discussion of the kind, it is said, President Roosevelt having refused to discuss the matter and having signified his intention to leave it all to Carter and the Department of Justice.

According to the first account received here, Carter and the President met for a discussion of the Supreme Court and other appointees, and it was supposed that the President went into the subject with the Hawaiian governor. The truth is, however, according to the correspondence referred to, Roosevelt simply declined to discuss it. "I hold you responsible," is substantially what he is said to have said to Carter, "and shall appoint those whom you recommend after you have conferred with the Department of Justice."

Carter proceeded to discuss the matter with the Department of Justice, with the result that he handed in to the President a memorandum of his recommendations. The men named were immediately appointed, it is stated. It is the general opinion, in Washington, according to the same correspondence, that the President has determined to follow the same course with regard to all Hawaiian appointments. He will expect Carter to report to him with recommendations and will follow the recommendations when they are made.

## WAHIWA AFTER COAST TRADE

BOX SHIPMENTS OF PINEAPPLES BEING SENT ON THE ALAMEDA THIS TRIP.

Conspicuous among the Alameda's freight this trip will be near to one hundred boxes of Wahiwa pineapples which are to be reshipped at the wharf in San Francisco as soon as the steamer gets alongside by express all over California and into Colorado, Oregon and Nebraska. Judging by California's success in creating a "box trade" for select fruits, amounting to millions of dollars annually, the local shippers hope to establish a trade that will prove very profitable to the packers at the Wahiwa Colony. At the same time the shipments will advertise the fruit growing possibilities of the islands in the most practical way. Quite a few boxes are obviously presents of local people to friends on the coast while others bear the addresses of well known fruit dealers in cities of California and the Northwest. Standing orders are said to have been received amounting to several tons for the entire season.

The Wahiwa packers and growers have adopted a system of sending box shipments, and expect in time to work up a trade that will make quite an invasion in the California market. The pineapples raised here are pronounced of a superior size and flavor and if the scheme works the Hawaii growers may eventually get up a large business between Honolulu and coast cities.

## BODY WAS WASHED AGAINST ROCKS

REMAINS OF CHINESE DISCOVERED ON BEACH OF MAUI HAD EVIDENTLY BEEN DROWNED.

News of the drowning of a Chinese in Kalepa Gulch, Maui last month, was brought by the last mail. Akiu was the name of the man. He was 50 years of age. No one saw the drowning and only circumstantial evidence on this score, was secured. The body of the deceased was found lying on the beach June 20. The body had evidently been washed against the rocks by the waves for bruises and cuts about the lower part of the remains, were noticed. None of these marks had the appearance of having been inflicted by foul means. The body had been in the water several days before discovered. A verdict of accidental drowning was returned by the coroner's jury.
